

# Student Rhapsody

Is this the real life?  
Is this just fantasy?  
This is the story  
Of the student who wants to be  
Free to decide  
What to do with their life, be free!

I'm just a student  
I need attention  
Because I'm very cool, very bright,  
A little slow, always right.  
You might think you know me  
But have you ever really believed...  
In me.

Teacher, just hear me out,  
To be at school is way too hard,  
I really don't know where to start

Teacher, can you feel my pain  
This homework gets me down and wears me out

Teacher, Ooh  
Didn't mean to make you cry  
Just give me back a little bit of my freedom  
Hear me out, hear me out, cause students really matter

Teacher, please let me go  
Don't wanna be in class  
At a table doing maths  
Goodbye dear teacher, I've got to play  
Gotta have to go outside and run away

Teacher, Ooh  
I don't want to learn  
Just give me back a little bit of my freedom.

Saxophone solo

Teacher:

I see some very busy students in my class  
On their phones, on their phones, will you put away your phones please  
Focus and work and one day you'll be smart like me  
No more WIFI, no more laptop,  
no more pho o o one

Student:

I'm just small child, nobody rules me

Teachers:

He's just a small child from another country  
Give him a life full of inquiry

Student:

Easy come, easy go, will you let me go

Teacher:

Of course not No! We will not let you go

Student:

Let me go!

Teacher:

Of course not No! We will not let you go,

Student:

Let me go

Teacher:

Of course not No! We will not let you go,

Student:

Let me go

Teacher:

Will not let you go,

Student:

Let me go

Teacher:

Will not let you go

Student

let me go oh oh oh

no, no, no, no, no, no, no

Student:

I don't get it, I don't get it, I don't get it - let me go

Teacher:

I have a plan, but you gotta understand, it's new, for you, for you!

Piano solo

Student:

So you think you can teach me to play by the rules  
So you think you can keep me the whole day in school  
Oh teacher can't do this to me teacher  
Just gotta get out just gotta get right out of here

Piano solo

Oh Yeah Oh Yeah

Nothing really matters, anyone can see, nothing really matters, nothing really matters  
to me

Any way the wind blows.....
