### Who we are

We are an IB continuum school offering the Primary Years Programme, Middle Years Programme and Diploma Programme. We are a fast growing school and currently have 900 students and 120 staff members from all over world. We are a community of life-long learners.

Our **mission statement** consists of four equally important pillars:

1) We are a close-knit and welcoming *community* of students, staff and parents. We all approach life from a different culture and background and with the languages we know. We find each other in our common goal: to create a stimulating learning environment in which everyone feels at home. We strive to be culturally competent; we are grounded in our own cultures, yet curious about others.

2) We communicate across cultures, using *music* to form strong bonds. That is why we offer an exciting music programme accessible to all students and connected to the rich music tradition of the city of Utrecht.

3) We give special attention to the *physical and social environment* we learn and work in. We value and care for the natural world and model responsible behaviour. Our learning environment is one in which every person can express themselves safely and freely.

4) We use technology in an innovative and sensible way to enhance our teaching and learning. We equally appreciate the value of sensory and tactile experiences. We approach the *virtual and real world* as one, behaving consistently as we are moving from one to the other.
